

CRIME ALERT

East Chatham County Entering Autos

Entering autos remains the most reported crime in our jurisdiction of unincorporated Chatham County, and we are seeing an increase on the east side. We've had 45 theft from auto reports since January 1, 2021, in east Chatham County. That's 21 more incidents than we had during the same time period last year.

This is a very preventable crime. We ask you to please help curb these crimes by locking your doors every time you leave your vehicle, never leaving valuables in plain sight, and never leaving a firearm in an unlocked vehicle. These steps will go a long way towards keeping your neighborhood safe and deterring criminals who are looking for an easy target.

Thank you for doing your part to keep Chatham County safe!
